Turnhout, 25 September 2012

Concerns: VOC content of Soudaseal 240FC
LEED situation of Soudaseal 240FC

General Statement:

Soudal is a European manufacturer of sealants, adhesives and construction foams. As such, we follow the regulations as set out by REACH as a "downstream user" and we comply with all obligations according to article 33, referring to SVHC (substances of very high concern).

LEED refers to products manufactured in the United States and has no relevance to manufacturers in the European Union who are required by REACH to implement more stringent environmental production standards.

Place of production:

Soudaseal 240FC is manufactured in Turnhout, Belgium.

VOC content:

Product Name	VOC g/l
Soudaseal 240FC	<34g/ litre

The VOC of the above mentioned product has been calculated and extrapolated from the raw material composition, based on the respective material safety data sheets according to Regulation (EC No.1907/2006 (REACH) Article 31 and Annex II.

This method exceeds the requirements of "California South Coast Air Quality Management Rule 1168" with regards to low VOC emission products.

We hope that you will find this information useful and remain at your service for all future clarifications.

Yours sincerely

Soudal NV
